Looking back & moving forward.

With all the holiday season now behind us, lets look at some of the highlights of 2010....Of course there were many, and its all thanks to our guests, friends & agents who supported us and continue to do so! Here's just a few....
New faces, Francesco & Nadine join the team, with Monica returning to the fold.

Facelift in Tasik Ria...we have started our upgrade by completely renovating room 609....By taking down the ceiling, knocking down the bathroom and re-building it outside, laying a recycled coconut wood floor, putting in extra windows. We are transforming the resort room by room...using locally sourced and sustainable materials. More coming this year!!!

The Tasik was proud to host the Scubadiver Australasia photo shoot out. Here we see some of the mag staff, judges, competitors and Tasik staff....want more info...who won what??
